## 1984 Fall Offering

Welcome to our 1984 Fall Catalogue, offering fine used and antique tools for discriminate collectors and exacting craftsmen.

We wish to extend our appreciation to those of you who purchased from our last catalogue and to the many people who wrote or called with best wishes and welcome advice.

The majority of our tools have been cleaned and are in Very Good Condition EXCEPT as noted. Any tool denoted "as is" will require special attention to render them useable. We grade our tools according to guidelines established by The Fine Tool Journal. We have reproduced the "model parameters" herein for your convenience.

We have expanded our offering of fine English tools which we hope will please collectors and users alike. Select English tools perform their designated work flawlessly as well as being most aesthetically appealing.

We invite you to visit our store/shop anytime, as we are open seven days a week. We find that a visit and chat with our customers provides you with a first-hand look at the quality of our stock. We strongly recommend a phone call or note to let us know of your expected time of arrival, as we are occasionally away from the shop.

1. JS-11 Very early Coopers Axe - very nice, collectible \$135.00
2. JS-13 Early Handwrought Brace - made without thumbscrew - Proper wood breastpad, but probably not original - Nice \$ 85.00
3. JS-12 Unique Small Size Hewing Axe - applied edge - Numerous touchmarks - Decorative - Very nice \$385.00

### 1985 SUBSCRIPTION

We are implementing a subscription for our catalogues/supplements beginning with 1985. We are pleased to offer two pictured catalogues and two supplemental lists for an amount of ten dollars (\$10.). Enclosed is a subscription card which may be filled out and returned to us with your remittance.

This Catalogue is Dedicated to D.A.M.

We Accept VISA/MASTERCARD Credit Card Sales

Dealer in fine used and antique tools.

We have adopted the following "Fine Tool Journal Condition Classification for Antique Hand Tools":

CATEGORY	USEABLE	FINISH	WEAR	REPAIR	RUST	MISCELLANEOUS
New	totally	100%	none	none	none	plus orig pkg.
Fine (F)	totally	90-100%	minimal	none	trace	
Good+ (G+)	yes	75-90%	normal	minor/none	light	some dings or scratch OK
Good (G)	yes	50-75%	norm-mod	minor	light	minor chips
Good- (G-)	probably	30-50%	mod-hvy	correct	mod	chips OK
Fair (Fr)	no	0-30%	excessive	major	mod-hvy	
Poor (P)	no	N/A	excessive	damaged	heavy	

Any deviation from the model parameters is to be described, whether positive or negative. All tools G- or better are assumed useable unless specific problems are pointed out.
